“ I miss you so much Tommy,you were like a grand father to me!!! You used to give me five dollars every time i would come see you so i could go get ice cream at the gas station. You meant the world to me and I need you now more than ever. I need one of your hugs, I need you to tell me how beautiful I am,I need you to remind me what an amazing young woman I have become, But most of all I need to see you so I can learn to smile again. You never failed to put a smile on my face,no matter what type of day I am having you always managed to make me laugh and smile. I don't want to spend this Christmas without you because every year I would decorate a little Christmas tree for you at your shop.You used to say me and my mom were your girlfriends and say we were the two most beautiful women in the world! I just wish I could have told you I loved you one last time and seen you smile one more time. I can't wait to see you again!!! Please rest in peace as you fly high with the angels!!!! It's crazy how you realize how much you love someone and how much you care about them after they are gone...You just miss the little things...
