“ From our long days working side by side to our girls nights out,you getting me to wear costumes and me getting you to become a Pink Flamingo team member,even us going to have tarot cards read just for fun.We watched each others children grow up and then watched the grandchildren arrive (Your pride and joys),long talks about men,kids,fears,and life in general.We shared laughter and the tears.You are amazing and I will forever cherish having you in my life and honored to call you friend.Although our hearts are breaking right now I know you are home pain free so save a place for me until I see you again my beautiful friend.I love you always.
