“ Barbara, Betty and I were close sisters. Barbara will be missed by all of her family and friends. She never failed to say I love you at the end of each phone call. That was her last sentence to me and mine to her by phone. She had a life with many hardships and for the past 14 years she fought her illness to survive. The last year was especially hard on her and all of us that cared about her safety/welfare. I've never seen anyone with a stronger will to live. But, she also knew it was time to go. I am happy her soul is now free and happy in a much better place. We love you Barbara and will miss you.

“ This afternoon around 2:30 my amazing mother in law, Barbara Bentley, went to walk the streets of gold. She has no more sorrow and no more pain. We spent yesterday together , as she and I had the two days prior. She was a fighter to the end. Last night she was trying to get out of the bed. They couldn't get her to calm down and she asked to talk to me. They called and I was able to get her to relax. She always thought I could keep her safe. Her last words to me were I love you and then she said goodbye at least 10 times . Never in my life has a person believed so much in me. I love her just as I do my own mother. She told me yesterday that when things get tough I kick ass. She was such a bright light .Rest in Peace Mom I will miss ya.

Barbara was a great sister. I miss talking to her on the phone. I saw her Saturday at the hospital. She and our sister Ann and I have always been very close and have always been there for each other. We will miss her.

JN

Barbara and I grew up on farms next to each other. Our dads were brothers. I have such great memories of our times together on the farm, the Easter Egg hunts, Thanksgiving and Christmas at our grandparents. She was a great basketball player. Always had such a loving smile. She will be missed by all of us.

We all will miss Barbara. Every time we ended a phone call she always said: I love you and I responded the same. That was the last message she said to me recently by phone. As Betty said, we sisters were always close. Thanks Spence for posting these pictures. I am so glad Barbara got to enjoy baby Boston. He adorable. I am glad Barbara's soul is now free. We love you Barbara and will keep you in our memories and prayers.
