“ I have so many. I can honestly say I'm lucky to have you as a father you always did whatever it took to take care of me and John. When I was sent off you never missed a visit or a phone call. You was always there to pick me up for home visits and I know it broke your heart more than anything when I had to go back to the group home on Sundays. I'll never forget the day I got out of dcs custody and I got dropped off in the driveway we both cried I'm so thankful for you never giving up on me you understood me in a way nobody else can. I love you daddy life will never be the same without you

“ *My best memory of my uncle is when I turned 12 and he had me at his home so I could watch the New Kids on the Block concert on Pay per View. It was the best birthday present ever for my young self. I always loved hanging around you when I was kid. You were the coolest and I will miss you. Be at peace my Uncle. I love you.*
