“ *She was my bestfriend and I will miss her terribly. Our kids grew up together and we did too in a sense. We were fishing buddies and we fished every day the sun was out and we weren't working when our kids were growing up. I will think of her every time I cast my line. We had so many talks over the 20 years I knew her. And I will treasure them all. I'm so glad we talked the day before. We laughed a lot that day. Just never wanted to realize this day would come. I wish I had spent so much more time with her in the end. I moved away 10 years ago and it kept up from hanging out. But she was always and will always be in my heart. Love you sis. Catch a big one up there and hook in on my line next time.. Remember I hate to catch catfish. So don't do me that way. Love you always and forever.. Your sis.. And I know how you loved stuffed bears.. so here's one more for your collection.*
