“ Mom....we've been through this grieving process so many times before, but I always had you with me to hold and talk to. You had this magical way of taking my fears and tears away just by the sound of your voice. And now it is you that is gone and I feel so alone. I don't have my rock that holds me firm like an anchor in the raging waves of the sea. I miss you so very much. I had the most wonderful life in the world because of you and for that I will always be so grateful. You made me the woman I am today and I am proud of who I am. I love you mom and as long as I have a breath in my body.....I will always love you. I miss you so very much!
