“ *She lived next door to my grandparents and I always loved visiting with her when I was spending the summers with my grandparents! Throughout the years I would send her letters and cards and I remember finding her phone number in my grandmothers old phone book and calling her and she remembered me and we had a nice talk! I know it's been years but she is a part of my childhood that I will always remember with a smile!*

“ *Aunt Doris was a ray of sunshine, alway seemed to have the right words or ready smile and laugh. No matter what troubles she was dealing with when you were with her you felt special. She will be missed and visits to Hohenwald will always seem empty without her.*

“ Lisa, So sorry to hear about our mom. I am sure somewhere in the past I met her. I think her smile in her posted picture must say so much about what kind of person she was. May God bless and keep you...Joy
