“ I did not know Dorothy Bennett, but did know most of her siblings and she was married to a cousin of mine. At any rate, I wish to send G Y, Joyce and Wilma [These are the names I can remember knowing] and the rest of the family my sincere condolences and to let them know I will be remembering them in Prayer. I know well that no matter how large your family is, you miss every sibling terribly when they are called home. May God bless each of you. In Christian Love, Anne
