“ we want to send our sincere condolences for Dorothy and share a memory with you. Our daughter is April, she has cerebral palsy. She was only supposed to live to age 5. She is now 47 years old! Dorothy used to send April a Birthday card with a dollar in it every year, it used to make April so happy, it made me cry to think that somebody was so unselfish to take time out of her busy life to show that she really cared for others! I would always call her to thank her and tell her what I had bought April with her dollar. I kept all of her cards and she will never be forgotten. I will always think of Dot on April's Birthday and always! there will never be anybody like her. with all our sympathy Betty, Tom Eddy and April Averett
