“ From the first time we meet we became best friends and always introduced each other as this is my sister in law. We always had a great time when we were together. Loved it when you moved in with Chuck and the girls and Will we both took turns spoiling him. The fun we had at the factory it was a blast. I can't believe you are gone I know you are celebrating with your dad and Felicia and please tell her that we love and miss her dearly I know how much you loved her and I'm sure you are hugging and loving on her and catching her up on everything. Fly high my sweet dearest friend I love you till we meet again
