“ I am sad to learn of Mrs. Seiber's death. I just learned that Johnnie's wife Elaine was a Craig. I believe that she is Carole's cousin. Carol was in my class and Johnnie was a Soph. when we graduated in 1957. You may not remember me as I have been gone from Lewis Co for the most part since my graduation. I also think I should know Mrs. Seiber's sister Nell Harris, but can't put a picture of her in my mind. I am at the point where my memory isn't very good. Have got your family in my prayers. Anne
