“ Stacy, Jennifer, Rachel, Brandon, Jacob, and Rebecca, and all those Grand kids, know that we may not see each other often because of the distance between us, but I love you all, and I am so sorry for our loss. George and I were talking the beginning of the year about bringing the family up one year to witness Mardi Gras. That offer is still and always will be open. my house is yours as you have opened yours to my family so many times. Please feel free to visit or call me at any time. 504-495-3606

“ *I have fond memories of GEORGE and his family living in apt.s that I was managing in Gretna La. GEORGE was polite and sweet easy going boy. He watched ball games with me and my Godson Ryan. He and Ryan were in the swimming pool all the time. I remember taking him and Threisa and other kids in the complex trick or treating to upscale areas. We also took in the movies once that I can remember. I saw him one time since those days on my street with his COX truck. He said he had 3 girls at that time. Condolences to his wife and kids and may he rest in peace.*
