“ I send my sincerest condolences to the entire Cothran family. Probably none of you know me, but I was an admirer of this lady from the first time I met her when I was only about 7 yrs old and she was a pre-teen. She was kind to me when others that day were not!! It was at a family gathering at her parents (or Gparents)home in Kimmins. It was during WWII and two of my cousins-- one of which was also Greta's cousin; were home on leave awaiting being shipped to foreign soil. We had a wonderful day and thanks be to God our guys both came home from that horrible war. The mutual cousin, James Floyd Skelton, is still with us. Greta's uncle Everette Skelton was married to my mom's sister. She died very young and he was re-married. Greta was a few years older than me, but still treated me kindly & I thought she was the prettiest girl I had ever seen (and I had 5 older sisters, whom I admired!). Anyway, she was also the first woman I ever admired for her BB playing skills.. She was in HS when I attended 5th grade at Lewis Co school and it was my first time to see BB played. I have not seen Greta for many years but the attached photo of her tells me that she was still as Lovely as she was when I first admired her. From reading the other notes here, I can also tell that she still had that wonderful personality... I know that you will all miss her greatly; but I believe that we have a chance to see her again in our Heavenly home if we all strive to imulate her. I will keep this family in Prayer during this sad time. Anne
