“ I remember when I was younger, hanging out with Jamie and Duane and pop. He always treated me like one of his own kids. I mess up, i got in trouble too lol. But, mainly i remember him for the caring person he was. I loved him like a son would love a father. I will indeed miss him. Its a part of my heart that will never heal. But, the memories of him and all of the fun things he and duane, jamie, and i had together will help to keep me comforted as i continue on with life without him there. I love you, pop! I wish you the greatest of journeys. When you get there, tell my dad i turned out the man he hoped i would be.

“ Mike and Lucie took me to see my first movie at a theater and we saw Star Wars. I thought it was something special. I always called him Perkins and he never seemed to mind.

I'll never forget how scared of snakes he was, even rubber snakes. I remember you boys having a big rubber snake that he was definitely scared of.

Hold tight to your memories children.
