Aunt Jen, not a day goes by that I do not think of you. Growing up, I so looked forward to either visiting Hohenwald and Centerville or you and Uncle Ed visiting us in MI. My wedding would have not been what it was without your presence there. It was the last time you got to see your oldest sister, my mother, and your step-mother before their deaths. Your love for animals was unending - you should have been a vet. I remember all the birds including that myna bird you had up on Brushy, that monkey Uncle Ed got you, all the dogs, the goats and that jenny, you named Jenny, you were oh so proud of. I will love you forever. You are with your parents and siblings now - rest in eternal peace.
