“ Jimmy King was a longstanding family friend and visited our home often..always with a big smile. He was my friend forevermore and full of fun and personality. I once asked him about the pressure on a low tire in our driveway in Grinders Switch; and he gave me a lesson (all morning) on the basics of maintaining a car. He also taught me special skills on gardening...he was a very talented man and loved his family. I remember him as a storyteller and brilliant with landscaping and maintaining any repair on a high level within a home. He painted some bedrooms in an early day that were exquisite. Jimmy was such a nice man with a legacy of wonderful children and grandchildren. So missed!

*In memory of Jimmy I appreciate you teaching me how to catch a catfish when I was just a young kid. Then as I got older I would work with you on the weekend cutting down trees just so you come help me make some money. I appreciate all you ever did for me and will carry those memories on with me. Bless the family as everyone goes thru this time.*
