“ *Jimmy wayne is my brother! I cant believe he is gone and no one contacted his family on his dads side! his dad is still alive, who ever said he is dead is mistaken. He has aunts and uncles that live close by Jimmy and no one contacted them either, I hope you attempt to do so now.*

If there is going to be a service my brother and I would like to be informed of it so we have the option to attend. we live out of state and would have to travel. also we would like to have the details as to what happend to Jimmy Wayne.

My sympathys for his wife,kids and mother. Its always hard losing someone we love. May God bless you all!
