“ *John was one of my closest friends in our youth, we first met in grade school and remained close friends through our teens. We attend the same church and seemed to be able find each other at every service. We last saw each other five or six years ago, it was as if no time had past at all, he was that type of friend. Although we had drifted apart I often thought of him, I will miss him.*

John and I was childhood friends, we attended the same church and always managed to find each other at each service the last time I saw him was five or six years ago, but it was like no time had past at all, that was the type of friend he was. Although we had drifted apart in later years I thought of him often. I will miss him. I was extremely sad to hear of his passing.

“ John and I began our first day of work together at Lexmark. We were both interns in the same department at the Technical Support Center taking calls from our customers. John stood out because of his knowledge, quick wit and his willingness to help his co-workers. John was a good friend and talented engineer. He had such a kind heart. This world lost a true gentleman. My thoughts are with his mom and family.

“ John worked on my team for a while at Lexmark. He was a valuable team member and contributor. More importantly, John was a fantastic person. I am honored to have called him a friend. John brought fun and joy to our world as well; especially on memorable golf trips. We still use a trophy (prop) that John created each year on our annual golf trip. And, we always talk about the fun John brought to the trips he made with us. I hope you too can remember the good times with John. I pray for peace and comfort for all the family during this difficult time.

“ Any time I wanted to know anything about computers or technology issues, I called my nephew. I was so grateful to be around him growing up. He always took time to visit me although I lived several hours away and even drove his Mom and I wherever we wanted to go. We love you so and will hold you forever in my heart. Aunt Dot.

“ Jerry and I met John visiting his Aunt Dot. He loved his family and friends and was a joy to be around. We will forever be glad we got to know this gentle giant. We believe John has gone on before us to heaven. He knew his Lord and Savior and we will see him again. Sending prayers and sympathy to his Mother, Ginger, and family. God bless you all. Jerry and Susan.
