AL

“ *Wanted to send my condolences to my Ashley family. I remember spending our family reunions together hanging out and playing volleyball with the my cousins from Uncle Bill and Aunt Carolyn kids. I remember Andy when he lived in Memphis in the early 80s. I lost touch with him so not sure of how his life turned out but reading about him on Facebook, seems he was a great man. I am so sorry for your loss. Praying for all the family.*
