“ I will remember Aunt Joyce for how she loved her children and in fact all children. She was always taking care of children that needed a family. She toughed alot of childrens lives and she will never be forgotten by those children

“ Joyce Robertson was a mom, a parent, a foster parent, but she was more than that simple term. Every visit I had with her she was busy being a mom. Joyce would be parenting her children, our DCS children, she was constantly busy, either cooking, cleaning, or doing laundry. Even when I would ask her to tell me what was happening in her case she would be busy doing things as she talked to me keeping me updated on their fostering. She always saw the glass half full, miss positive. Joyce enjoyed being a mom and a wife to CW. She loved her life, being happy with her family and extended family. Everyone that had the pleasure of knowing Joyce will miss this lady.

“ *What an amazing person and friend. I am going to miss your sideways smile and fiesty attitude and personality. Just to see you coming down the hall made my day, it always put a smile on my face because I knew you were going to say something to kick off my day. Thank you for loving me and allowing me treats for my patients when they were having a bad day. That was just your personality and the kind of person you was. I was blessed to of known you and will never forget you my sweet Joyce. I love you dearly and know you are in heaven just where you are suppose to be. R.I.P until we meet again, Wynell*
