“ I have known Justin for almost 18 years - met when he needed insurance years ago and became his agent and also his friend. I had just talked with him last on 09/23/16 and could not have been more shocked to hear of his passing. He would call at times to discuss insurance, but many times just to check in, talk politics, kids, life events and in the last six months, Carolyn and how much he loved and missed her - he wanted to get some of the things she had wanted to do around the house done even though she was no longer there with him. He was a loner for the most part, a recluse of sorts, and anyone who knew him knew he loved his beer, but to know Justin was to accept and appreciate him. He was one of a kind - even loners need someone to talk to now and then - I am so going to miss those calls to chat about whatever he wanted to talk about that day.

*I am in Texas at this time and could not be there for his visitation or funeral, but your family is in my thoughts and prayers. He will be deeply missed.*
