“ *We had some great times that I will cherish forever. You had a knack for getting us all in a little trouble when we were with you, and I thank you for that. And I am a better person for those times. I wish we had more time to spend together, but it was not meant to be. May you rest in eternal peace in the presents God our creator. You will be greatly missed for love and happiness you shared with us all. You had a huge and generous heart that showed in the love that you gave my children and grandchild. There is a piece of my heart that is gone forever. You will not be forgotten. Save a good seat for me, for I shall look for you when my time is done on this earth. Rest in peace my dear sister Kathy.*

“ Ohhh to sit down across from you at the table with a deck of cards, your mom dealing and to see the shock on her face and that sparkle in your eyes and that ear to ear smirk on your face when I said "POT" on a 4-9 deal. Oh the good times we had, I'm not sure I ever had the chance to say Thank you.

“ I may not have known you as well as others. But, I knew you well enough to know that you were a very spirited lady with a kind heart. You had a radiate smile that could light up the room. I am greatly reminded of the many conversations we had while I was picking up my children and you were picking up your grandson from school. You always made me laugh and that's a wonderful quality in anybody. I'm glad I knew you for what time I did. God Bless your soul
