“ Dear Ms. Schwendimann. I was one of Cassi's teachers at Columbia Academy. I noticed recently a wreath on the wall of graduates at the Academy. I asked about it, and I was told it was a tribute to Cassi. My heart immediately sank!

She was one of my girls. I had her in Chemistry class, and was delighted a few years ago to reconnect with her, totally by accident, at Fred's Pharmacy in Columbia. I was so proud of her accomplishment. She gave me her cell #, and I hoped I'd have time to connect with her outside of school or her work to catch up. She made me very happy because I shared in a vicarious way of her success. In the short time we had time to talk, I could tell she continued to be the caring and intelligent young lady I had known when she was a teenager.

My sympathy goes out to you. I recall Heidi's passing, and I just read about your husband's passing just over a year ago. You must be a very strong woman to endure such heartache.

It would be my honor to talk to you over the phone if you are willing. My cell # is 931-374-0219, and my email address is: dr.barry.farris@gmail.com.

May God help you have peace and comfort during this tragic time.

Sincerely,

Dr. Barry Farris, Teacher
Columbia Academy

“ had the pleasure to go to high school and graduate with this wonderful person. Cassi had such a bright soul. I don't know anyone who would have a single negative memory of this sweet sweet person. We had many classes together, one being study Hall of course. During this time frame Cassi educated myself and a few others on the importance of good quality make up...Lancôme. We used this time to do our hair and make up, things most would of done in the morning before getting to their destination, ha ha May you fly high with angels dear friend, you will be truly missed but always remembered! Deepest Condolences

“ Cassi was so kind. Four years older but never treated me like I was annoying although I'm sure I was. She even threw a slumber party for me when I was a little girl at her house. Only slumber party I ever had growing up. I was in the 6th grade and I still remember it.
