“ Kim was a wonderful person, with a huge heart. Would do anything for anyone if she could. I’m gonna miss her chats. She was always smiling regardless. And she always made her friends and co workers smile. I love you Kim. You will for sure be missed. Xoxo

“ Kim is and was a big part of our lives. She was a kind, caring, loving person. Kim was a “people-person” and had so many friends. She never met a stranger....even when people met her for the first time, they became friends.

She shared hundreds of her bookmarks, crocheted potholders, coasters and things she made out of her great love of people.

Kim loved children and had a great way of connecting with them.

She loved animals and they were her friends also.

Most of all, Kim was a good Mother as you can witness in her son Chris. He is kind, caring and very respectful of others. Kim you did a great job with your son and just like you, he is loved by so many. He likes to help people just like you.

Thank you for being a big part of our life from the day of your birth to a time when you are only here in our memories and thoughts. You will definitely always be part of us. We treasure our having had you in our life.

In was so hard to give you up in person but you will always be a great part of our life. Thank you for being a part of our lives and letting us be a part of yours and Chris’s life.

We will always love you Kim....Rest In Peace.

“ Kim was a trooper. She would have done anything for me...except let me win at cards! Kim and Ricky had this thing they did for years. She would ask if Ricky was in a good mood. If I said yes she would say “I love you Uncle Ricky and he would always say oh, shut up’. She would giggle every time and say “I just love to aggravate Uncle Ricky”.

Some could not understand this, but they have done this for at least 10 years. We loved Kim very much. When Moma was still here, me, Kim, Moma and Carolyn would take Mother/daughter trips. We would play cards, shop and go out to eat. These were very special times for us. We did a lot of giggling on these trips. I am so glad to have these memories! Kim you will truly be missed by all that knew you!

“ Kim was an Amazingly Wonderful person inside and out. She definitely was one of the hardest workers I knew. Kim had a heart of Gold 🧡 to know Kim was to love Kim, I honestly don't think Kim knew a stranger. That is one thing she shares with her son, matching hearts of Gold. One thing Kim loved to do was make people laugh and smile and she loved pranks just as much, maybe because she was so good at them. Kim love to crochet and was always very happy to teach me when I asked, not sure how she always stayed so very patient in teaching me over and over again. She definitely had more patience in teaching than anyone I'd ever seen. I've loved every minute of her teaching me though, no matter how many times. One of our other favorite things to do together was play cards literally all night until morning and just tease each other and anyone else playing with us. The two of us just loved to talk for hours as well, that we did more than anything. Kim I love you so very much like a sister and I'm missing you so very much. I'm not sure how I'm going to do this without trying to be selfish. . . Thank you for Loving my Thomas "Red" as if he was your own. Thank you for teaching him so many different things on the farm as well. He loves you so very much and misses you to the moon and back Red just said ❤️ Kimberly until we meet again ❤️🤔🥹
