“ Larry was a real good friend of my brother Ernie I can remember when I was a kid he was at our house quite often. One particular Christmas my sister had promised me that Santa would bring me an "Inch Worm"(at the time a must have toy for any 5 year old) well as fate would have it the order was delayed, so Ernie was told, he found Larry and they drove over most of Tennessee and as they told it parts of other states, but they were able to find the plastic riding toy some where along the way, making my Christmas and my love for the holiday much greater. Thank you Larry for that and the great story it has given me and my family to tell. May God Bless you.

Stories like this, of human kindness, is what makes me proud to be from Hickman County. What a great Christmas story. One that you will remember and also remember Larry for the rest of your life. Thank you for sharing.
