“ One of the kindest people I have ever met, your sweet spirit will be missed by so many. I loved coming into your classroom - you made each child feel that he/she was special - no matter their ability level, ethnicity, or any difference. My favorite classrooms were the ones where the children were laughing, excited to be learning new things, and were loving to their teachers and each other. I found that when I entered the doors of your room. I am so blessed to have known you.
