“ Lee Hinson was my Great Ucle. Him and Great Uncle Buddy came to the hospital when my dad was dying of cancer. Their sister was my Grandmother Mira Hinson Potts. She died at the very young age of 24, leaving my Grandfather James Alexander Potts to raise three kids. Uncle Lee and Uncle Buddy told me you know that your Daddy is never going to leave this hospital. I said yes I know that his cancer is to bad and he will be leaving us soon. My Dad went to see my Great Uncles and Great Granfather John Thomas Hinson. Even though I never got to know Great Uncle Lee or Great Uncle Buddy I still will miss him because their was a bond between us. Their sister was my Grandmother and even though she died young she was the mother of my Dad Glen Thomas Potts and that leaves us with a bond forever. Thank You Great Uncle Lee for being a part of my life even for a short time that I was able to get to know you. I love the Hinson Family. Sheila Potts Burroughs of Grant, Alabama
