“ *Bubba Miles, you will truly be missed my friend. Some of my favorite memories involve you. We had so many laughs and three awesome trips together. We haven't seen each other in years but I thought of you often. I always admired the relationship you had with your daughters. And it was a pleasure to have Ivy's art in one of my books. You will not be forgotten. Rest easy buddy. Daniel and I loved you like so many others did.* 😞

“ You’re my hero. You taught the good from the bad and everything else I know. I miss you more than anything in this world. Thank you for everything. Thank you for all you’ve given and sacrificed for me. You taught me how you’re supposed to love your children. And I can’t wait till the day I have children. I can’t wait to feel that kind of unconditional love you had for me and rain. I’m going to make you proud. I love you so much. ❤️

Bubba was a gift from God in heaven to his dad & I, He was a good man, great son & outstanding dad & mom to his 2 beautiful sweet daughters. I thank God for the time we had him. My heart is absolutely broken, I'll miss the great hugs, kisses & love you shared so willingly but you are at peace, with no pain & misery. Thank God for that. I send my love to you on your journey to be with your dad. To my precious son with all my heart, soul & love.. I will take care of your girls as long as I'm on earth. Thank's for the great memories. Peace be with you.

Bubba was my cousin and my buddy he laughed at every thing I did he loved his family more than anything just like his daddy did . He was always full of joy he was younger than me so he looked up to me the last time I seen him he was like do you remember when you did this story's with a smile and laugh. he will always be in my heart as he made me feel special even if it was just to take him to get a central park buger . Love you brother
