*Martha was my lifelong friend and neighbor whom I will greatly miss! I will miss the birthday cards, seeing her decorate for the seasons, watching her work in her yard, her beautiful flowers, celebrating birthdays at her favorite restaurant Homestead, the porch visits, her sweet smile and waves as I passed her house each day. I remember fondly her visits to my classroom, always with a special treat for me, and the kindness and visits shown to my mother. It is with love, appreciation, and sadness I see you go.*

*Thank you and I love you, Sherry*
