"God saw you were getting tired
And a cure was not to be
So he put his arms around you
And whispered "come to me"
A golden heart stopped beating
Hard-working hands at rest
God broke our hearts to prove to us
He only takes the best"

“ Words can never express how I felt the morning your father called me and all the days that have followed. There is a special bond between aunt and niece we share that will forever stand the test of time through eternity. The emptiness that is left behind from your short life will slowly fade as I fill it with all the wonderful memories of you. Even though your body is gone your soul lives on in your boys. I see you in all three of them. I see you in their eyes, their smiles, the way they carry themselves, they are fighters just like you .I hear you in their laughter. I feel you in their loving embrace. The way they tilt their head with that sly little smile that my darlin is you made over. To leave just one memory is impossible since we made so many. Through you I got to experience the daughter I never had. I love you may your wings carry you to places we can only dream of.

“ *Melinda was like a sister to me! She was a great mother and friend! When she had Presley I took him in like he was one of my own! I hate that we hadn't spoke or hung out in awhile maybe things would've been different. I love you Melinda and I'll always be here for Presley and Andrew like you always asked me to do if something like this ever happened. I never imagined it would happen so soon! Rest easy Melinda!* ”
