“ *Granny Jean always treated me as if I was one of her own. I married into this wonderful family and Granny was one of the strongest women I have ever met. She loved everyone and had a heart of gold. I'll never forget my first family Christmas in Pinewood. I was asked to bless the meal and before I could say anything, Granny told me to be saying a prayer about that beer I was drinking. Granny knew many people and I found it amazing how she could remember small details from many years ago. Granny also loved her picture books. If she ever got those things out (it always happened when you were about to leave), get ready to spend another hour or two with her. Those memories brought her so much happiness. I am one hundred percent sure that she is happier now than she has been in a very long time. I love you Granny Jean and always will hold a place in my heart for you. Thank you for raising such a wonderful family that I am so blessed to be a small part of. Your legacy will live forever.*
