“Randel was one of my favorite cousins. I was 14 the first time I saw him at grandmas and grandpas, he was just a year old. He was so cute and friendly. I loved holding him and making him laugh, he had such a hearty one. I visited several times after that and when I had my twins he was just 10 years old and he loved them and played with them and made them laugh a lot. At that moment I knew we had a lot in common. We tried to go every year to visit but was not always possible. The last time I saw him was at his mom's house in 1993 when my father passed. Aunt Willie Mae let my husband and I stay with her. She was a wonderful Aunt and I loved her and her children so much. I miss my family so much. I can't wait to see them again. My heart burst for you Kayla but he truly loved you more than anything in this world. I know because he told me many times as you were growing up. He was so proud of the young lady you became. Till we all meet again. Jo Ann
