“ *Reba your birthday is coming up. Its been almost 6months since you left us. Been a year since you got sick. I hoped it would get easier over time. I miss you terribly. Krislyn talks about you daily. I remember our last discussion the night before you fell you were trying to say goodbye when you said that the kids and I mean the world to you. You were meant more to us than you will ever know. Krislyn says you are not gone. I said I know you are in heaven. If she has a guardian angel I cannot think of anyone better. May you never suffer again. Please watch out for us.*

“ *It was my pleasure to meet my cousin Reba, in 1990, when I lived in Nashville. My parents were visiting, and Reba and my mom are second cousins. I arranged for us to meet up in her home. She was very kind and thrilled to entertain family. I can remember my grandfather (Adde Turnbow) used to talk a lot about Henry and Bert Grinder. They were first cousins that knew each other well. I hope that we will be able to restore our connection with our Grinder kin.*

“ My heart is absolutely breaking with the loss of Reba. She has been a "Tennessee Mom & Grandmother" to me & my children, (Ryan and Lauren), a friend that I have cherished for so many years and one of the most godly Christian ladies that I have had the opportunity to know. My life has truly been blessed by having Reba be a part of it. Reba, you will never know how much I miss and love you. Give Kenneth a big hug from me, Ryan & Lauren. I'll think of you every day & know that you are watching over my family from above.
