“ Roger was my father we may not have known each other very well until I was 18 but he made up for the missed years in the 11 almost 12 years I had with him before he passed. I have had many male figures in my life but he was the best father I ever had. He love my three adopted kids as if they were his blood grandbabies, I met my beautiful wife while I was living on the farm with dad and when we got married he walked her down the aisle and gave her to away to me as her father couldn't make it to the wedding. I miss you dad I wish I could say I love you dad to your face one more time, and have you give me your deadly Morgan scowl lol. I love you dad and no matter how long your gone I always will.
