“ Rusty, is one of my favorite musicians. Dedicated to his to his talented love of music and an inspiration to myself and so many others. A gift of opportunity given me to perform in our band with him years ago when he was at such a young age. I admirer and cherish those memories. Fate would bring him to carry on to larger challenges and levels of his many talents. A magnet to people, building friendships along the way his legacy lives on. I went to see him once years ago in Centerville, but missed him. And In my own disappointed perspective I wish I had followed through to catch up and visit with Rusty.  
I believe we will meet again. With our most heart felt care and the deepest sorrow we can give, Paula express our sympathy to you, his family and friends. And we pray that God give strength to you at this most difficult sadness of time. God bless you Rusty James.
