“ *You were my brother and I have so many memories, but my favorite I guess was my wedding day it was a few weeks after your surgery and you come wheeling in on a motorcycle for the wedding, when you gave me away, 1st I got my heel stuck in the floor vent and you had to pull my shoe out of the vent with my dress all in your face , then we couldn't both go down the steps together because in your words my a\$\$ was to big so you waited on me at the bottom of the stairs, and then when the preacher ask who gives this woman to this man you snickered and looked at me and then glanced back at the preacher and said give her away here take her I'm throwing her away now keep her. LOL! I know you didn't mean that but it was funny at the time. I sure am gonna miss you and your Ole gruff ways. Alot of people didn't know how to take you some where even afraid of you but your family and close friends knew what kind of heart you had even though I always said you didn't have a heart you had a thumping gizzard. I love you big brother and will see you again someday.*

*Love always your little sis

“ Bruiser, where do I start? I have know you for a very long time I enjoyed watching your children grow up you and Tammy were wonderful parents! We sure had some great times growing up and I lost touch with you when I left Centerville, But I used to love to aggravate you when you had to come into work at Dorton Lumber Co. and I would say good morning just to aggravate you and and you wouldn't even look up you would just say Shut Up! and roll your eyes!! I would laugh and you would look like you could just cut me into little pieces but that is what I loved about you, you always acted like you could just be so mean to someone but you had the biggest heart on the inside. You will surely be missed! RIP my friend!! Love Tamela

“ Burly, as you were known by your fellow co-workers, for the 5 years that I have known you, there was never a dull moment when you were around. We are going to miss you! As you would often tell me when we were leaving work in the afternoon -- "Take care ole' man!"....RIP.
