“Mann and Betty have been such loyal clients of our shop for many years, and Mann was always a joy to see. He never failed to share a funny story and was truly one of the most genuine, down-to-earth people you could ever meet.

We will deeply miss seeing him. He was much more than a client — he was a true friend to all of us. Mann always brought laughter and kindness wherever he went, and I know he is still getting a good laugh about Jimmy and me.

Our hearts, thoughts, and prayers are with Betty and the entire family during this difficult time.

“When I moved to Hohenwald in 1963 as a first year teacher in the 8th grade I first met Mann Nutt. One teaching day there was a knock on the classroom door. I opened and this guy said, Mr. Spitzer, I said yes. He said I'm Mann Nutt and you have X(a student) in your classroom. I said yes and he said well he has to pass and his first six weeks were not too good. I said well he will need to try harder and Mann said no he has to pass no matter what — we need him on the High School football team next year. The student was weak academically but Mann was convincing and X passed and played High School football. Mike Spitzer

“ Mrs. Nutt,

I have never forgot you as my Home Ec & favorite teacher back in the late 80's. I am so sorry to hear about the passing of your husband. You are in my thoughts and my prayers.
