“ *I am so sad to learn of Bill's passing. We birded together 30 years ago when he was a student at Stanford, then renewed our acquaintance in Georgetown and Ft Collins. He was a wonderful companion for birding and the long drives in between birds. My heart goes out to Peggy and his family.*

“ *I was shocked and very saddened to learn of Bill's passing -- the news came from Tennessee birders on a birding pelagic trip I was helping to lead yesterday. I only knew Bill as a fellow eBird editor, but we had a fair number of email conversations over recent years. Those were very enjoyable as Bill was extraordinary writer with a fine sense of off-beat humor that I very much appreciated. Tennessee and eBird won't be the same without him. Our sympathies to his wife and family.*

“ *Bill was a great friend and brilliant individual. I'll never forget the times we ran into each other. He always had an interesting story to tell. He was an extraordinary birder and contributed immensely to the study of birds in TN.*
